Flat LCD Display Mounting Arms

**LCD Suspension Arm**

**P.N. 14-00300-001**

**LCD Suspension Mounting Arm** - Suspend LCD Monitor from Hergo's Monitor track Shelf or from our LCD Rail Assembly. LCD can "travel" left and right along the rail assembly, freeing you desk space.

**LCD** can be adjusted to your viewing position; left, right, up and down. You can also rotate the panel within about 300 degrees radius.

Meets VESA standard. Supplies with 2 mounting plates; 75x75 mm and 100x100 mm.

LCD's weight capacity 5.0 to 18.0 lb.

Can also be suspended from our Rail Assembly that can be mounted as desired.
